

TRIAL PRESCRIPTION OFFER

YOUR GUIDE TO GETTING STARTED

Talk to your doctor about XYNTHA. You may be eligible to receive up to 20,000 IU of XYNTHA free of charge if your doctor decides XYNTHA is right for you.

If you are eligible:

- Complete the authorization form provided by your doctor.
- You'll get up to 20,000 IU of XYNTHA at no charge to you.
- Your trial supply of XYNTHA will be sent directly to your home.

Be sure to ask about:

- The convenience of the R2 Kit
- Available XYNTHA vial sizes
- Patient assistance and support programs

Indication for XYNTHA

- XYNTHA is indicated for the control and prevention of bleeding episodes in patients with hemophilia A (congenital factor VIII deficiency or classic hemophilia) and for surgical prophylaxis in patients with hemophilia A.
- XYNTHA does not contain von Willebrand factor and, therefore, is not indicated in von Willebrand's disease.

Important Safety Information for XYNTHA

- Allergic reactions are possible with XYNTHA. Signs of an allergic reaction may include hives, rash with itching, chest tightness, difficulty breathing, faintness, or fast heartbeat. XYNTHA contains trace amounts of hamster protein. You may develop an allergic reaction to these proteins. Tell your doctor if you have had an allergic reaction to hamster protein.
- Call your doctor right away if bleeding is not controlled after using your factor VIII replacement therapy; this may be a sign of an inhibitor. Inhibitors have been observed in patients receiving factor VIII products, including XYNTHA.
- The most common adverse reaction in study 1 (safety and efficacy study) is headache (24% of subjects) and in study 2 (surgery study) is fever (41% of subjects). Other common side effects of XYNTHA include nausea, vomiting, diarrhea, or weakness.
- XYNTHA is an injectable medicine administered by intravenous (IV) infusion.

Please see accompanying full Prescribing Information.

You are encouraged to report negative side effects of prescription drugs to the FDA. Visit www.fda.gov/medwatch, or call 1-800-FDA-1088.
